## SPECIAL CIRCUMSTANCES

## Admissions Criteria for Entry September 2024

### Special Circumstances

#### What are Special Circumstances?

An application for a School to apply Special Circumstances may be made if medical or other problems affected a pupil's performance in the Entrance Assessment.

Prior to or during the Entrance Assessment, a child might experience medical or other problems which affect their performance in the Entrance Assessment and these difficulties are referred to as Special Circumstances. When this child applies for a place in a school which is using the SEAG Entrance Assessment, their parents/guardians can provide appropriate evidence to the Board of Governors to show that their child had experienced Special Circumstances and ask that the Band /Total Standardised Age Score (TSAS) achieved in the Entrance Assessment should be adjusted.

Recognition or acceptance of a claim for Special Circumstances can only go some way to assist the child affected by a potentially wide range of difficulties, emotional or physical, which may have influenced their performance in the Entrance Assessment.

The admissions sub-committee in the subject school will assess each claim for Special Circumstances and take a decision on whether Special Circumstances apply and then whether to adjust the Band/TSAS achieved in the Entrance Assessment. This process is carried out before any decisions are taken on the children to be selected for admission.

#### Has my child experienced Special Circumstances?

As a parent/guardian, you will know whether there have been medical or other problems affecting your child in the period just before or during the Entrance Assessment. While you will not immediately know whether these circumstances have had a detrimental effect on your child's outcomes in the Entrance Assessment, you are best placed to decide if they should be brought to the attention of the schools to which you will be applying for a place for your child for September 2024.

### Making a claim for Special Circumstances

#### What should I do?

If you have any concerns that medical or other problems may have affected your child's performance in the Entrance Assessment then you should begin to gather independent evidence to support a potential claim for Special Circumstances. This should include contemporaneous medical, professional or other assessments of your child and relevant supporting educational evidence. (Later in this guidance, you will be provided with advice on how to gather the required evidence and how to present it to the admitting schools.)

On 27<sup>th</sup> January 2024, you should receive your child's results and you will be able to consider whether your child's performance in the assessment was adversely affected by the medical or other problems which he/she experienced just before or during the Entrance Assessment. You can then decide on whether to proceed with a claim for Special Circumstances. If you decide not to proceed with your claim then you need take no further action and you should proceed with your admission application for a place for your child to the schools of your choice.

If you decide to proceed with your claim for Special Circumstances and you are making an application to one or more of the schools which use the Entrance Assessment outcomes, then you should complete an SC form and upload details of your claim and the supporting evidence to the Education Authority (EA), through completion of the Post-Primary Transfer Application. The Education Authority will then forward your Application to the school you have chosen as first preference for your child\*\*\*.

#### What does the Post Primary School do?

Boards of Governors or their delegated sub-committees have a duty to examine all of the claims for Special Circumstances and decide on their merit and the adjustment, if any, to be applied to the Band/TSAS achieved in the Entrance Assessment. Each school which receives your claim for Special Circumstances will make its own independent adjudication on your claim.

The existence of Special Circumstances DOES NOT in itself lead to admission to the school. The School Sub-Committee must also determine whether the Special Circumstance did affect achievement in the Entrance Assessment and, if they determine that it did, adjust the Band /TSAS achieved in the Entrance Assessment. This process is carried out before any decisions are taken on the applicants to be selected for admission.

## Admissions Criteria for Entry September 2024

Examples of situations which could form the basis of a Claim for Special Circumstances

Usually, a claim can be made when the child is affected by adverse circumstances beyond their control. To assist you, the list below, while not exhaustive, gives examples of situations which could form the basis of a claim for Special Circumstances:

- a temporary illness or accident or injury at the time of the Entrance Assessment;
- a bereavement of an immediate family member <sup>1</sup> at the time of the Entrance Assessment;
- a serious and disruptive domestic crisis arising at the time of the Entrance Assessment;
- a serious disturbance during the Entrance Assessment;
- accidental events such as being given the wrong or a defective Entrance Assessment paper;
- a failure by the post-primary school to implement previously agreed Access Arrangements;
- a terminal illness of a parent/guardian;
- a life threatening illness of the child or member of immediate family;
- a recent traumatic experience such as death of a close friend or relative;
- a flare-up of severe congenital conditions such as epilepsy, diabetes, severe asthmatic attack;
- a recent serious physical assault.

<sup>1</sup> *immediate family member refers to a parent/step-parent, sibling/step-sibling.*

**Gathering the evidence for a claim for Special Circumstances which, along with the completed SC form, will form part of the Post-Primary Transfer Application\*\*\*.**

**What evidence will I need to gather in support of my claim\*\*\*?**

Claims for Special Circumstances must have supporting evidence which usually includes **both**:

- a. details of the medical or other problems which occurred just before or during the Entrance Assessment with verification by an appropriate professional;
- b. verifiable educational evidence to show that the Total Standardised Age Score (TSAS)/Band achieved in the SEAG Entrance Assessment does not correspond to the academic ability of your child because he/she experienced medical or other problems just before or during the time of the Entrance Assessment.

***You should provide all results and other information in the detail and format requested within the admissions criteria of the particular schools which you have nominated in your Post-Primary Transfer Application\*\*\*.***

**If you need further assistance on Claiming Special Circumstances, you may wish to contact the school(s) to which you intend to apply for a place for your child.**

**The Department of Education has placed the responsibility on post-primary schools for verifying all evidence used in the admissions process.**

**Before you submit the Post-Primary Transfer Application, you should ensure that:**

- the outcomes achieved in the SEAG Entrance Assessment by your child have been recorded in the Application\*\*.
- the results information, for your child which you downloaded from your dashboard from the SEAG website (seagni.co.uk) is uploaded with the Application\*\*.
- **the completed SC Form and all of your documentary evidence is securely uploaded with the Application\*\*.**

You are advised to retain a copy of the SC Form and the documentary evidence you uploaded with the **Post-Primary Transfer Application\*\*\***. When you are satisfied that the Application is completed and all of your information is recorded and uploaded, you should submit it to the Education Authority\*\*.

**How do I upload documentary evidence to support the claim for Special Circumstances?**

Updated January 2024

- Supporting evidence should be uploaded either as Word or PDF documents; other formats (such as photographs) are not acceptable;

### What will happen to my claim?

The Education Authority Post-Primary Admissions Team will process all of the **Post-Primary Transfer Applications\*\*** to be accessed by the first choice post-primary schools.

Each school which receives your claim for Special Circumstances will make its own independent adjudication on your claim.

***\*\*\*Please note that the Post-Primary Transfer Application process is carried out by the Education Authority. and the process for 2024 had not been finalised by the Education Authority (EA) at the time of publication of this "2024 Claiming Special Circumstances" Guide (25<sup>th</sup> November 2023). ### Making a claim for Special Provisions

#### What should I do?

If you are making a claim for Special Provisions on the grounds that your child fulfils **criteria (i)** above, you should obtain a letter on school headed notepaper from your child's current primary school signed by the school Principal which shows the total dates of your child's education within Northern Ireland. This information is available to the primary school Principal through the SIMS School History section.

If you are making a claim for Special Provisions on the grounds that your child fulfils **criteria (ii)** above, you should obtain a letter on school headed notepaper from your child's current primary school signed by the school Principal confirms your child's home address outside Northern Ireland.

If you are making a claim for Special Provisions on the grounds that your child fulfils **criteria (iii)** above, you should provide a letter from your child's GP or Medical Consultant or another appropriate professional indicating the nature of the serious medical problems or reason for the absence and/or how it prevented your child from sitting the SEAG Entrance Assessment or from taking either Paper 1 or Paper 2.

If you have any other educational or other evidence which you wish to have considered with your application for Special Provisions, you should obtain this evidence in the form of age standardised test scores in English and Mathematics or other standardised tests that have been authenticated by the school Principal of your child's current school.

If you decide to proceed with your claim for Special Provisions and you are making an application to one or more of the schools which use the SEAG Entrance Assessment outcomes, then you should complete an SP form and upload details of your claim and the supporting evidence to the Education Authority (EA), through completion of the Post-Primary Transfer Application. The Education Authority will then forward your Application to the school you have chosen as first preference for your child\*\*\*.

Boards of Governors or their delegated sub-committees have a duty to examine all of the claims for Special Provisions alongside the educational or other evidence and will assess the child's application for a place. Individual schools may use slightly different wording for the criteria for eligibility for Special Provisions. You will need to check the wordings for the schools you are making application and ensure that you take account of these when completing your SP form.

Each school which receives your claim for Special Provisions will make its own independent adjudication on your claim.

## Admissions Criteria for Entry September 2024

**Gathering the evidence for a claim for Special Provisions which, along with the completed SP form, will form part of the Post-Primary Transfer Application\*\*\*.**

**What evidence will I need to gather in support of my claim\*\*\*?**

For claims under criterion (i) above:

You should obtain a letter on school headed notepaper from your child's current primary school signed by the school Principal which shows the total dates of your child's education within Northern Ireland. This information is available to the primary school Principal through the SIMS School History section.

For claims under criterion (ii) above:

You should obtain a letter on school headed notepaper from your child's current primary school signed by the school Principal confirms your child's home address outside Northern Ireland.

If due to your particular circumstances, you are unable to provide documentation from former school(s) you MUST explain why it is that that documentation cannot be provided. It is anticipated that this will only arise in respect of those children who have recently arrived in Northern Ireland from countries where conflict or political unrest make the provision of documentation difficult or impossible. Schools in Northern Ireland still have a legal duty to verify the basis of your application and are legally obliged to make reasonable requests to do so.

For claims under criterion (iii) above:

You should provide a letter from your child's GP or Medical Consultant or another appropriate professional indicating the nature of the serious medical problems or reason for the absence and/or how it prevented your child from sitting the SEAG Entrance Assessment or from taking either Paper 1 or Paper 2.

**Claims for Special Provisions will usually also include verifiable educational evidence.**

The following are examples of the type of educational evidence considered appropriate:

- i. your child's performance in English (or Irish in Irish-medium schools) and Mathematics in standardised tests.
- ii. your child's relative performance in English (or Irish in Irish-medium schools) and Mathematics in relation to other pupils in his/her class. This could take the form of results in internal school tests, transfer practice papers and standardised tests from the beginning of KS2 compared to the results for the same tests of all other unnamed members of the P7 class.

If the school decides that further assessment of educational evidence is required, the school will arrange an agreed date for this assessment. The assessment will be administered by a suitably qualified person and you will receive a report on your child's assessment outcomes. Please note, that this report may be shared with other schools listed on the post-primary transfer application form.

***You should provide all results and other information in the detail and format requested within the admissions criteria of the particular schools which you have nominated in your Post-Primary Transfer Application\*\*\*.***

**If you need further assistance on Claiming Special Provisions you may wish to contact the school(s) to which you intend to apply for a place for your child.**

**The Department of Education has placed the responsibility on post-primary schools for verifying all evidence used in the admissions process.**

## Admissions Criteria for Entry September 2024

### **Admission to Years 9 – 12**

**Pupils will be considered for enrolment provided that:**

1. Their admission will not cause the school to exceed its enrolment number;
2. Their admission will not cause the particular year group to exceed the admissions number set for it, at its time of entry. This limitation will not apply to pupils recently come to reside in the area;
3. In the opinion of the Board of Governors, their admission would not prejudice the efficient use of the school's resources.

Where there are more applicants who meet these criteria than there are places, preference will be given as follows:

- (i) Applicants who held a place in a grammar school elsewhere and who have moved into the catchment area of the College.
- (ii) Applicants whose sibling(s) are pupils of the College in the year in which the application is made.
- (iii) Applicants who had originally applied for a place in the College and whose grade was equal to that of the minimum scored by those accepted that year.

Applications for admission at the start of a school year will normally be considered in late August. Applications for admission during the school year will be considered as soon as possible after the application is received.
